Members of the Public

Chairman Hawver called the meeting to order at 6:30 pm.

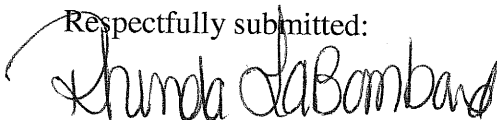

Selectman Jenssen apologized for his comments at the School Committee meeting on March 10th. His comments were his personal comments and not endorsed by the entire board.

Selectman Ketchen stated that he just left a School Committee meeting where the FY2016 budget was amended and asked Chairman Hawver when Sheffield would hold a Special Town Meeting to vote on the increased assessment. Chairman Hawver stated that a Special Town Meeting would be scheduled but it is difficult to schedule it now without knowing if there will be any surplus in the District budget.

Superintendent Hastings handed out the questions that were submitted to him along with his answers. Discussion ensued.

Chairman Hawver adjourned the meeting at 8:30 PM

Respectfully submitted:

Rhonda LaBombard
Town Administrator
